The U.S. Army Medical Command is accredited by the ACCME to provide continuing medical education for physicians.

Acupuncture- Webinar

A Military and VA
Collaborative
Acupuncture Initiative

Global Acupuncture Education

What is ACU-Webinar?

Acupuncture Webinar is an innovative program utilizing Defense Connect Online (DCO) webinars to allow currently practicing acupuncturists or those interest in acupuncture to provide a forum for communicating to advise, educate and support each other on cases and techniques. This program meets the Secretary of Defense's directive to "implement more cost-effective and efficient methods to train, plan, collaborate and disseminate information."

What are the benefits to YOU, the providers who participate in ACU-Webinar?

Through participation in the **Acupuncture-Webinar**, practitioners will gain confidence in treating patients with acupuncture techniques. Providers will have regular and reliable access to each other to provide support and specific recommendations for their patients. This model has been shown to improve professional satisfaction and to reduce feelings of isolation. Additionally, one CME is provided to partic-
